Published on: March 22, 2020 by Robins Chew Full Service: Hisami’s Perfect and Bad Endings GuideWithout A Voice: Ending & Gallery Guide WARNING: This book contains adult material. Not recommended for minors. A comprehensive 171-page digital guidebook written by Cort Channon, a staff member of Herculion, is now available. The book provides an in-depth look at the game, including character profiles, walkthroughs, and strategies to achieve all 20 endings. Features include: - In-depth character analysis - Detailed illustrated walkthroughs for every route and story scene - Guide to Morningwood, including shops, items, affinity, and dating - Information on Steam achievements The book also includes a bonus section with: - Character analyses and behind-the-scenes information - Galleries of scene mockups and backgrounds - Never-before-seen concept art - An exclusive 7200-word short story written by Cort Channon To access the guide, you must purchase it at or above $14.99 USD. Guide to Hisami's Endings ... Read more 0 achievements selected A guide to achieving Perfect and Bad Endings for Hisami. It also contains information on how to obtain "What if...?" and "Equivalent Exchange" achievements. Guide to Both Endings for Hisami Introduction (Important) This guide is based on my experience getting the achievements – I'm not sure it's the only way, but it was easy and fast. Before you get Hisami's ending, finish the game at least once! Then start over from the beginning, get Hisami's intro, and go after him. This guide contains spoilers. About Hisami Kondo Hisami isn't a character you can meet or give gifts to, so just skip those parts in options. Perfect Ending To do it fast: Don't agree to "Happy Ending" and refuse sex if given the chance. Don't meet with anyone (don't "go out") and don't shower anyone with gifts. Don't invite anyone to the Boss' party. When Hisami's "missing" and you're worried, talk about him at the Spa massage session, sympathize with him, think about him, say how you like him, etc. Be patient and follow these rules until Kovit gets shot while protecting you. After that, when you see Hisami having doubts, choose "Have I been wrong the whole time?" Then just read through till the end for Perfect Ending.
